## VT CHEP DISTRICT HIGHLIGHT

United Way of  
Windham County

**Brattleboro Health District**  
**Windham County, Vermont**

**Data Driven Problem Statement**

Community members who seek social services (such as housing and food) from community organizations and government programs often experience a need for more than one resource. These community needs are not always met effectively, timely, or appropriately.

The following are the most resounding opportunity gaps when supporting the health of our community:

1. Funding Limitations & Intersectional Needs
2. Lack of Linguistic & Cultural Humility

Other related opportunity gaps that could possibly be explored and addressed are distrust of the current systems of care, mutual aid and peer supports as more effective tools, lack of transitional housing, and the many gaps in mental health resources.

## **Request for Proposals Open!**

## Burlington Health District Chittenden County, Vermont

### Community Project Highlight!

### The Winooski News

#### Project Description

*The Winooski News* is a community-based news service that provides timely community-scale content to 1,200+ subscribers at no cost. Winooski is the most densely populated city in northern New England, with about 8,000 residents who speak more than three dozen languages. We are looking to strengthen our engagement with community members whose first language is not English to increase the relevance of our reporting and equitable access to

our content.

A woman with dark hair, wearing an orange shirt with white polka dots, is shown in profile from the chest up. She is looking towards a laptop screen. The background is slightly blurred, showing a desk and some greenery. A semi-transparent blue box is overlaid on the right side of the image, containing text.

## **Winooski Voices**

**The Winooski News is recruiting community contributors to report and write news stories in languages other than English.**

**Contributors will receive up to \$200 for each news story and can write stories in their native language.**

**Interested? Or know someone who might be? Contact the Winooski News at [news@thewinooskinews.com](mailto:news@thewinooskinews.com).**

---

## **VT CHEP ACTIVITIES**

## VT CHEP SPRING CONVENING

WEDNESDAY, APRIL 12

&

THURSDAY, APRIL 13

KILLINGTON GRAND RESORT, VERMONT

*more details to follow*

If you are interested in being a part of the Planning Committee, please email Cathy at [caikman@vtpha.org](mailto:caikman@vtpha.org).

We meet every other Tuesday, @ 9-10am. All are welcome!

---

## February Workshops

*All the following workshops are offered by Ricky and Tess with Padgett Coaching.*

## *Post-Community Funding Projects: What's next?*

---

Thursday, February 16 | 1pm - 2:30pm

Join us for a structured yet highly interactive session where you are the experts. Using both small breakout groups and large group debriefs, we will explore the activities and strategies you have to keep your community engaged in the work, with an eye toward self-sustaining progression.

[Register for Feb 16th Here!](#)

*Nonviolent Communication*  
*(aka - Compassionate Communication)*

---

Thursday, February 23 | 9:30am - 11:00am

Explore one communication model, nonviolent communication, that often helps to listen and respond beyond what is being said. Using Marshall Rosenberg's nonviolent communication model and other tools from the Center for Nonviolent Communication, they will provide a space to understand and practice the model. We can learn to clarify what we are observing, what emotions we are feeling, what values we want to live by, and what we want to ask of ourselves and others. We can shift from the use the language of blame, judgment, or domination. We can experience the deep pleasure of contributing to each other's well-being.

[Register for Feb 23rd Here!](#)

**March Workshops**

## *The Power of Connection*

---

Thursday, March 16 | 1pm - 2:30pm

In building connections with others, we all know the value of developing trust and the importance of communication, consistency, repetitiveness, and vulnerability. We will explore how trust is built and the different views on trust that someone may have. Additionally, we will consider the heart-head connection and the role that vulnerability plays in building connections. The goal is to consider ways you can use the power of connection to establish a self-sustaining network beyond the VT CHEP grant.

**Register for March 16th Here!**

## *Thinking Styles and the Impact on Communications*

Thursday, March 23 | 9:30am - 11am

Our brains are all wired differently - pause with us to reflect on how those differences impact communications. Using a well researched tool around thinking styles, we will explore the ways those thinking styles impact communications. We will explore tips and tricks for ensuring your communications provide anyone, with varying thinking styles, the information they need from your communication. This approach can be used in organizational announcements, grant narratives, community outreach, and many other situations.

## FUNDING OPPORTUNITY

### **Creating a Healthier Vermont: Advancing Health Equity through Placemaking, Funding, and Support**

**Learn about the new Vermont Health Equity and Community Design Technical Assistance Pilot and other equity-focused funding and resources.**

#### **Part 1: Technical Assistance Overview Meeting, Feb. 14 @ 10:30am**

The Part 1: Technical Assistance Overview Meeting will include panelist presentations and Q&A. This event is an excellent opportunity to understand the currently available funding and technical assistance options, and how they tie into existing programs to move your projects forward!

The Vermont Healthy Communities Team will:

- Provide an overview of the statewide technical assistance opportunities;
- Present the new Healthy Equity and Community Design Technical Assistant Pilot;
  - Discuss ways to access technical assistance resources; and,
- Answer questions about the new Health Equity and Community Design TA pilot program.

#### **Part 2: Technical Assistance Roundtable, Feb. 21 @ 9:00am**

The Part 2: Technical Assistance Roundtable is a chance to connect with Technical Assistance providers and discuss potential project ideas. This event is an excellent opportunity to learn how the Health Equity and Community Design Technical Assistance Pilot can support community-led development, health equity, and placemaking projects in your own Vermont community!

Participants will:

- Learn and identify one or more topics of interest for technical assistance;
  - Connect directly with potential technical assistance providers;
- Learn how to apply to the Healthy Equity and Community Design Technical Assistant Pilot; and,
- Ask questions about the new Health Equity and Community Design TA Pilot program.
